Kochii Eucalyptus Oil has rebranded to become Fasera.

We've changed our name, not our vision.

At the same time we've been producing incomparable Australian eucalyptus oils, we've also been building our position as a global leader in sustainable agricultural carbon sequestration.

Now, operating as Fasera, we produce carbon credits, biochar, wood vinegar and eucalyptus oil via our carefully selected and managed estates of oil mallee trees on land owned by local farmers. Whilst we are changing and expanding, our roots remain firmly in Kalannie, the wheatbelt and Western Australia.

How to avoid a holiday house horror

Staying in a holiday house can be like a home away from home. Unlike hotels and motels, holiday properties are often regular homes or apartments that haven't been designed specifically for accommodation. They may be hosted, where the owner lives onsite, or un-hosted, where guests have exclusive use of the property during their stay.

Travellers usually book these holiday houses through online "sharing economy" platforms like AirBnB and Stayz.

Just like with any product or service you buy, your rights are protected by Australian Consumer Law if things go wrong. This means your holiday accommodation must be safe and of acceptable quality, match the advertised description, provided with due care and skill and be fit for purpose. These rights don't change if you booked through a sharing platform, an app or directly with a provider, and they can't be taken away by terms and conditions.

However, it is important to still take the time to read the platform's terms and conditions and check how complaints are handled if something goes wrong and to know what your rights are should you need to cancel. Also make sure you agree with the house rules the host sets out in the listing before you hit the "confirm booking" button.

When you arrive at the holiday house take the time to look around and make sure everything is in order before you start unpacking the bags. If something is broken or not working, take a photo and send it to the host straight away.

Depending on what is wrong, the host should fix the issue within a reasonable time or offer you a remedy. A broken wine glass may not matter but it might be a different story if the pool is out of service.

The remedy you're entitled to depends on whether the problem is major or minor. A problem with a holiday house could be considered "major" if it creates an unsafe situation, or where an issue or series of issues can't be easily fixed or can't be resolved within a reasonable time. In these cases, you could be entitled to a refund or to cancel without losing any money.

Consumer Watch

Department of Local Government,
Industry Regulation and Safety

If you paid extra for something like a highchair or beach towels and they're not there, contact the host in the first instance and if they can't resolve this quickly you may be entitled to a refund of that hire fee.

If you break something during your stay, honesty is always best and you should also let the host know.

If contacting the host doesn't resolve the issues, you should raise the matter through the platform's dispute resolution process, if one is available. The sharing economy relies on customers reviews, so leaving a factual review can also help warn other consumers.

When all other avenues have been exhausted and the issue remains unresolved, you can lodge a complaint with Consumer Protection for further assistance – 1300 30 40 54.

Since 1 January 2025, providers of short-term rental accommodation within WA must register their property and display the registration number on the listing. You can easily check the holiday house is correctly registered via

When talking to the dogs doesn't cut it...

1300 17 55 94 | ruralaid.org.au/mhwb

One conversation at the right time with the right person can change everything.

Rural Aid provides free emotional and mental health support to people living and working in rural and remote communities.

Our counsellors are really good listeners too!

We offer short term or formal counselling conversations and practical help to work with you through difficult times.

We can talk on the phone or visit farmers on their properties, meaning our counsellors are more than happy to have a cuppa and a yarn.

If you are a farmer, a farming family or you know of someone who is experiencing stress from drought, fires, floods, agri-stress, relationships, farm life in general or any other hardship impacting on your/their wellbeing, contact us for confidential support.

After hours calls will be returned the next working day | If you or someone else needs immediate help, call 000 or Lifeline on 13 11 14 | If calling on behalf of someone else, make sure they're ok with it.

CHILLI AND GARLIC PRAWN SPAGHETTI

 **4 SERVES**

 **15 MINS**

 **10 MINS**

INGREDIENTS

250g wholemeal spaghetti

2 tablespoons olive oil

450g raw peeled prawns, butterflied

2 cloves garlic, crushed

1 teaspoon dried chilli flakes

1 large red onion, halved, thinly sliced

1 large red capsicum, cut into thin strips

1 tablespoon sundried tomato pesto

400g can diced tomatoes

1 tablespoon red wine vinegar

100g sugar snap peas, halved diagonally

1 cup coarsely chopped fresh parsley

METHOD

Cook spaghetti in a large saucepan of boiling water following packet directions. Reserve 1 cup cooking water, then drain. Return spaghetti to saucepan, cover and set aside to keep warm.

Meanwhile, heat half the oil in a large non-stick frying pan over a medium-high heat. Add prawns. Cook for 2-3 minutes, turning occasionally, until changed in colour. Add garlic and chilli. Cook, stirring, for a further 1 minute or until light golden. Remove prawns and set aside.

Heat remaining oil in same pan. Add onion and capsicum. Cook, stirring for 2-3 minutes, until light golden.

Stir in pesto, tomatoes, vinegar and reserved pasta cooking water. Gently boil for 2 minutes. Return prawns to pan with snap peas, parsley and spaghetti. Toss over heat for 1-2 minutes, until combined and heated through.

TIPS: To butterfly prawns, cut along the back of prawns with a small knife, without cutting right through. Press gently to flatten slightly.

Replace sugar snap peas with snow peas or asparagus, if preferred.

Agriculture & Agri-Business Wellbeing Factsheet

A resource for farmers, shearers, livestock transporters, as well as those involved in agribusiness.

HOLYOAKE

At Holyoake, we recognise that people involved in the agriculture and agri-business are amongst the most resilient, hard working and resourceful in our regions. This resource is a guide to provide a better understanding of stress and situational distress caused by uncertainty and challenging circumstances. It also provides tips and strategies to help navigate these challenges. It is important to talk to family members, neighbours, friends, or health professionals if you are feeling overwhelmed or find yourself struggling or in crisis. **HELP IS ALWAYS AVAILABLE.**

Health and Wellness

MENTAL HEALTH AND WELLBEING TIPS:

GET ENOUGH SLEEP AND REST

Sleep affects our physical and mental health and can be the first thing we trade in when we get busy or stressed.

SCHEDULE TIME FOR THINGS YOU ENJOY

Balance in life is important, so taking time out for things you enjoy can make a difference to how you think and feel.

BE ACTIVE AND EAT WELL

Our physical and mental health are closely linked, so ensure that you are exercising and eating nutritious food.

NURTURE RELATIONSHIPS AND CONNECT WITH OTHERS

Our connection to others is what keeps us strong, especially during challenging times. Ensure you have people to connect with (face-to-face, over the phone or virtually).

ENSURE YOU ARE ADOPTING STRATEGIES TO MANAGE YOUR STRESS LEVELS

If you are having trouble relaxing or managing intrusive thoughts, the websites below provide an array of tips and tools that can assist you.

MAKE A 'TASKS LIST'

Break large tasks into smaller, more manageable tasks which can be prioritised in order of importance.

FOCUS ON WHAT YOU CAN CONTROL

Direct your time, energy, and resources towards things you have direct influence over, rather than things outside of your control (weather/climate, government regulations, commodity markets).

BRING OTHERS TO THE TABLE

Another set of ears and a logical brain can help with processing and retaining information.

KEEP THE LINES OF COMMUNICATION OPEN

Schedule regular farm business meetings and don't avoid making decisions.

KEEP IN REGULAR CONTACT WITH INDUSTRY PEERS, GROWER GROUPS AND CONSULTANTS

They are sources of trusted and valuable information and can also be a good social connection.

PREPARE AND PLAN FOR THE UNEXPECTED

Contingency planning can avoid further stress.

BE AWARE OF THE RISKS ASSOCIATED WITH BEHAVIOURS OR COPING STRATEGIES THAT ARE UNSAFE AND PUT YOURSELF AND OTHERS AT RISK

Unsafe alcohol consumption, misuse of prescription medication and use of illicit drugs.

TAKE TIME TO PAUSE, BREATHE AND REFLECT

A simple moment of reflection helps us connect our minds with our feelings. It enables us to connect what's happening around us with what's going on in our heads and hearts. Taking the time to ask the right questions of ourselves, and time to get a thoughtful answer, gives us perspective, direction and clarity. By taking time to pause and slow down our breathing (deep circular breaths), we slow down a racing heart, reducing the symptoms of stress headaches and muscle tension.

PARTAKE IN HELP SEEKING BEHAVIOURS

Please see below for information on Support Services and Helplines available.

ORGANISE AN INFORMATION SESSION OR WORKSHOP:

Increasing your own and others understanding of the risks, protective factors, unsafe/risky behaviours, coping strategies, wellbeing, and community resilience is a powerful tool in improving empathy, connections and the overall safety within a community. Please contact Holyoake's Prevention Team if you would like to organise an information session or workshop for your community. Email
